

**OKLAHOMA PERINATAL QUALITY**  
IMPROVEMENT COLLABORATIVE

# Welcome!

## Thank you for joining us!

- Please sign in using the chat box feature
- The webinar will start on the hour
- All phones should be muted, but you may still mute yours by pressing \*6 or the mute button
- Unmute your phone if you would like to speak
- Please do not place your phone line on hold!

## OPQIC Updates

- 2016 Severe Maternal Morbidity outcome measures now available
- Please check your individual hospital rates
- Oklahoma level data show ~ 20% decline from baseline data
- This is a significant level of improvement

# Severe Maternal Morbidity among All Delivering Women

■ Oklahoma Hospital 50th Percentile

● Oklahoma Collaborative-wide Rate

● Oklahoma 25th to 50th Percentile

◆ Oklahoma Hospital Average

● Oklahoma 50th to 75th Percentile

## OPQIC Updates

- Quarterly Reports coming 2018
- OPQIC staff are available to speak with OB providers and/or administrators
- Added files of AIM resources for HTN and Hemorrhage Bundles <http://opqic.org/aim/>
- Send feedback regarding barriers/strategies for success
- Telephone survey beginning soon!

## 5 Areas of Priority

- Management Plan for Postpartum Hemorrhage
  - 90.5% of hospitals have in place
- Management Plan for Severe Hypertension
  - 83.3% of hospitals have in place
- Timely Treatment of Severe Hypertension
- Postpartum Hemorrhage Risk Assessment
- Quantitative Blood Loss

# Timely Treatment of Severe HTN

■ Oklahoma Hospital 50th Percentile

● Oklahoma Collaborative-wide Rate

● Oklahoma 25th to 50th Percentile

◆ Oklahoma Hospital Average

● Oklahoma 50th to 75th Percentile

# Discussion

- Integrate into EMR
- Data collection?
- Medication pack
- BELIEVE IT! TREAT IT!
- RETAKE! TREAT!
- New webcast from experts – require all providers and nurses to view
  - <http://opqic.org/aim/>
- Print off resources and place in call rooms, bathroom walls, around unit
- Complete 4 Rs Assessment
  - <http://opqic.org/initiatives/emc/hypertension/>
- Audit who is compliant/noncompliant

# Hemorrhage Risk Assessment

■ Oklahoma Hospital 50th Percentile

● Oklahoma Collaborative-wide Rate

● Oklahoma 25th to 50th Percentile

◆ Oklahoma Hospital Average

● Oklahoma 50th to 75th Percentile

## Discussion

- Integrate into EMR
- Communicate risk category to team members
- Measure asks regarding assessment X1
  - Best to do again before birth, postpartum, prn with clinical changes
- Risk assessment tool <http://opqic.org/initiatives/emc/pphm/>
- Complete Obstetric Hemorrhage-Readiness Assessment  
<http://opqic.org/initiatives/emc/pphm/>

# Blood Loss Measurement

■ Oklahoma Hospital 50th Percentile

● Oklahoma Collaborative-wide Rate

● Oklahoma 25th to 50th Percentile

◆ Oklahoma Hospital Average

● Oklahoma 50th to 75th Percentile

# Discussion

- Integrate into EMR
- Start with vaginal deliveries or C/S
- QBL videos
  - <http://opqic.org/initiatives/emc/pphm/>
  - AWHONN and YouTube from Minnesota (recently added to website)
- Complete Obstetric Hemorrhage-Recognition Assessment
  - <http://opqic.org/initiatives/emc/pphm/>
- QBL Paper tool
- Audit who is compliant/noncompliant
- Getting providers on board?

## To Do List

- Establish a Work Group
  - If you already have one, set up a meeting
  - Meet weekly or monthly, depending on your needs
- **Set a deadline for implementation or 90% compliance**
  - Creates pressure to increase follow-through
- Complete assessment worksheets
  - PDSA
  - Driver Diagram
- Monitor individual compliance and follow-up
- Would you like education on quality improvement?

## Reminders

- Q3 Data due
- LABOR RNs Study
  - Kathleen Rice Simpson & Audrey Lyndon
  - Email will come to nurse leaders
  - Distribute to staff RNs or send emails to researchers to send email for staff RNs to complete survey on nurse staffing and its effect on outcomes
- Ideas for 2018 OPQIC Summit?
  - September 14<sup>th</sup>, 2018

# How Can We Help?

- Discussion
